When we select plants, we often choose them based on what excites us the day we buy them. With a little research we can choose plants that can have interest all year. Join Bill Hendricks for a visual review of plants with four-season appeal. A popular speaker with fascinating slides, Hendricks is an expert in a wide range of plants.

This free public seminar is sponsored by Bath Gamma Garden Club. Our generous sponsors donate raffle prizes, and proceeds support Bath's community gardens. Thank you for every purchase of raffle tickets.
