

Native Plants in Your Landscape

FREE Community Seminar • Exciting Raffle Prizes

Buy your raffle tickets in advance from any Bath Gamma Garden Club member or place an order by email at: bathgammagardenclub@gmail.com

Denise Ellsworth, OARDC, OSU Extension, Program Director of Honey Bee and Native Pollinator Education Program presents the *Native Plants Seminar* for us! Denise holds a Master of Science Degree from OSU from the School of Natural Resources with a Bachelor of Science Degree as well from the Department of Plant Pathology. Denise will share what native plants are best for our local Ohio gardens and their importance for attracting pollinators, in particular, our native bees. Join us for a lovely evening!

Denise Ellsworth

Honey Bee and Native Pollinator Education, OSU Extension
