

The Ohio Heritage Garden

The Power of Plants to Connect People, Places and the Environment

FREE Public Seminar • Exciting Raffle Prizes

We are very pleased to present Rebecca Lewis, Ambassador for the Ohio Heritage Garden at the Governor's Residence, to show how the Garden showcases the five regions of Ohio as defined by the plants thriving in each. See surprising examples of native plants, woodland wildflowers like those covering most of pre-settlement Ohio, and plants from prairie, sand dune, bog and Appalachian regions. Rebecca returned recently from St. Croix, where she and former First Lady Hope Taft helped restore a botanical garden destroyed by last September's hurricanes.

Thank you to our generous sponsors who donate raffle prizes, and thank you to everyone who buys raffle tickets! Raffle proceeds buy flowers, fertilizer, and other supplies for Bath's community gardens.
